Used Oil/HHW
2013 Training & Conference
Sharing Our Success For a Greener Future

Registration Brochure
October 28-31, 2013
Sacramento Convention Center

CalRecycle - Department of Toxic Substances Control
The Department of Resources Recycling and Recovery (CalRecycle) and the Department of Toxic Substances Control (DTSC) invite you to attend the 2013 Used Oil/HHW Training & Conference: “Sharing Our Success For a Greener Future.” The event will be held at the Sacramento Convention Center, October 28th – 31st, 2013.

This year we are pleased to once again work closely with the Western Sustainability and Pollution Prevention Network (WSPPN) to offer exciting training opportunities and conference sessions. As in years past, we strive to foster the cross-fertilization of ideas and approaches to pollution prevention, Household Hazardous Waste (HHW) and used oil management, resource conservation, outreach and social media, green chemistry, climate change and sustainability. If you’ve attended any of the past Used Oil/HHW Conferences or the WSPPN Conferences, we know you’ll find this year’s event to be engaging and inspiring.

The conference is returning to the Monday – Thursday morning format we used for several years, and we hope it will provide expanded opportunities for networking among attendees and sponsors. Training workshops on Monday through Tuesday morning will include popular topics from previous years (HHW for Managers, Chemistry for non-Chemists, etc…) as well as new training opportunities (Green Chemistry 101, Emergency Response for HHW Programs, etc…). Keynote speakers and multiple-track educational sessions will follow on Tuesday afternoon, all day Wednesday, and Thursday morning. If your agency participates in the Oil Payment Program, you may charge authorized expenses from the conference to your oil funds.

If you participate in a waste management program for your city, county, or organization this conference is perfect for you. If you are the sustainability coordinator for your company or organization, you will find new ways to help your company achieve its sustainability goals.

We hope you will be able to join us in Sacramento to share your ideas and experiences, meet new colleagues and take advantage of the opportunity to reenergize!

Sincerely,

Shirley Willd-Wagner
Chief, Financial Resources Management Branch
Department of Resources Recycling and Recovery (CalRecycle)

Photo Credits for Cover
(Photos are stock, unless otherwise noted)
1. Mono County
2. San Mateo County
3. City of Chula Vista
4. City of Palmdale
5. Mendocino County

Space is limited!
To ensure participation, please register by October 11, 2013.
The conference is a must for used oil recycling and household hazardous waste program managers, recycling coordinators, nonprofit agencies, state agencies, private businesses, and others who are involved in the used oil recycling and household hazardous waste programs in California.

Who Should Attend

The conference is a must for used oil recycling and household hazardous waste program managers, recycling coordinators, nonprofit agencies, state agencies, private businesses, and others who are involved in the used oil recycling and household hazardous waste programs in California.

Conference Tracks

Household Hazardous Waste (HHW) Track
The Household Hazardous Waste (HHW) Track includes basic sessions pertaining to the implementation of HHW programs (including Universal Waste and Electronic Waste), California statutes for paint and carpet, regulatory changes that affect HHW programs, and model HHW programs to implement.

Used Oil Track
Sessions include information pertaining to the implementation of Used Oil programs, best management practices, legislative changes that affect the program, research related to used oil, and administration of the grant programs.

Emerging Issues Track
Sessions focus on topical and emerging issues such as green chemistry, universal waste, extended producer responsibility, problematic waste streams such as sharps and pharmaceuticals, legislative issues, program measurement, pollution prevention, and effective communication for behavior change.

Plenary and Keynote Sessions

Tuesday, October 29th
12:45 p.m. – 2:00 p.m.

Allen Fish
Director of the Golden Gate Raptor Observatory (GGRO) and co-founder of Raptors Are The Solution (RATS)

Raptors, Rats, and Rodenticides – Is this DDT all over again?
Allen Fish, Director of the Golden Gate Raptor Observatory (GGRO) and Co-founder of Raptors are the Solution (RATS), will trace the history of raptor population studies, including the impact of dichlorodiphenyltrichloroethane (DDT) and the current impact of anticoagulant rodenticides, on the health of raptors. The US EPA recently banned second-generation rodenticides because they caused “unreasonable risks to the environment” by not only killing rodents, but also by killing the wildlife and pets that feed on poisoned rodents. Allen will discuss how RATS was founded as an offshoot of the GGRO’s citizen science-based methods, as well as the progress that RATS has made toward removing these rodenticides from store shelves.

Wednesday, October 30th
8:30 a.m. – 10:00 a.m.

Joel Greene
Host of PBS television show, “Curiosity Quest Goes Green”

Because They Want To, Not Because They Have To
Joel Greene has the unique perspective of peering on both sides of the fences when it comes to the public and understanding used oil and household hazardous waste. As host of the PBS television show “Curiosity Quest Goes Green”, his job is to explore what people are curious about and explain and demonstrate it in a way that can be understood by a 4th grader. Joel Greene’s travels around the country have allowed him to explore a vast array of episodes, such as battery recycling, HHW, storm water, etc. Through the medium of television, he is able to create awareness within communities about sustainability and instill a passion for the environment that transcends science and legislation. Greene’s “keep it simple” messaging and approach to complicated topics at hand will leave you feeling, like his television audience that you’re not just doing your job…you are making a difference.

Thursday, October 31st
8:30 a.m. – 10:00 a.m.

Dr. Eric Mussan
Apiculturist, University of California, Davis

The Health of our Honey Bees and our Beekeeping Industry
Dr. Eric Mussen will provide some historical information, bring us up to the present, and then discuss the various factors that seem to be involved with the inability of many beekeepers to keep their colonies alive and in a healthy condition. Discussion topics will include: colony malnutrition and reasons for the lack of adequate food resources; the impact of moving bees across the country repeatedly; the impacts of recently introduced and more familiar diseases, such as Nosema ceranae and the ubiquitous RNA viruses; the extremely difficult time beekeepers have trying to keep populations of the parasitic mite, Varroa destructor, at sub-economic levels; and how the bees are coping with frequent exposures to pesticides in their environment. Dr. Mussen will include some hints for how members of the general public can help protect the bees.

TRAINING SESSIONS

You may attend one training only, two trainings, or three trainings if you desire. Trainings include breaks, lunch, and all materials for the training session.

- $125 One Training Session only
- $200 Two Training Sessions
- $275 Three Training Sessions

MONDAY MORNING, OCTOBER 28, 2013
8:00 a.m. – 12:00 p.m.

HHW for Managers
Household Hazardous Waste managers are responsible for compliance of their facilities with many regulatory requirements from many different local and state agencies. This course is designed for those HHW program supervisors that oversee operations but do not actively work in the facility handling wastes. It provides information on how to make sure your facility is in compliance with the multitude of regulatory requirements imposed on HHW programs.

CUPA Case Studies
Do you inspect HHW facilities or small businesses? Is your HHW program inspected? If so – this class is for you! Any HHW program that routinely deals with inspections will find this training very useful. The course provides a unique perspective on developing a mutually beneficial relationship between program manager and inspector. Case studies are provided that illustrate how California's CUPA inspection program deals with compliance issues found at CESQG sites and at HHW facilities.

MONDAY AFTERNOON, OCTOBER 28, 2013
1:00 p.m. – 5:00 p.m.

Emergency Response for HHW Programs
Emergency responses at HHW programs are rare but staff need to be aware of potential emergency situations. The Emergency Response for HHW Programs is a new course that focuses on the applicable emergency response requirements for HHW programs and offers practical advice to plan for and address emergencies. The training will include how to determine an emergency situation, response measures, agency notifications, and documentation.

Chemistry for Non-Chemists
Build on your knowledge of what the hazards are for those HHW products that come to your HHW program. Learn how to use practical references such as labels, MSDS’s, DOT Charts, and reference books to identify the chemical ingredients and properties of these HHW products. This course provides information on basic chemistry related to HHW including the basic properties of chemicals hazardous properties, incompatibles, and classification of chemicals collected at HHW programs.

TUESDAY MORNING, OCTOBER 29, 2013
8:00 a.m. – 12:00 p.m.

DOT HM Transportation Refresher
This course provides the required refresher for workers who package hazardous waste and these individuals signing manifests, bills of lading, and other shipping documents for hazardous and universal wastes. An update of numerous new shipping requirements will also be presented including the new Uniform Hazardous Waste Manifest requirements, security plans, packaging standards, shipping names, and hazardous waste of concern requirements. This training is required every three years or when regulations change.

Green Chemistry 101 Training
This course hosted by WSPPN and EPA offers a foundational understanding of green chemistry. Richard Williams, a recognized instructor for the American Chemical Society Green Chemistry Institute explores the twelve principals of green chemistry covering history; roadmap; global sustainability; value proposition for industry; achieving results; metrics and decision-making tools; inspiring green chemistry innovations and case studies. Participants will receive a P2 Certificate from WSPPN.

Identification of Unknowns
Participants will learn some principles involved in categorizing unlabeled wastes for storage compatibility and to meet criteria for recycling, treatment, or disposal. Known and unknown HHW products will be tested using basic chemical tests such as pH, oxidizer, and water solubility. Other testing methods will also be discussed.

CONFERENCE

Conference begins at 12:00 p.m. on Tuesday, October 29, 2013
Registration for the Conference includes breakfast, lunch, refreshment breaks, sponsor and exhibitor receptions, and all materials for each day of the event.

- $300 Early Registration Fee (on or before October 11, 2013)
- $350 Late Registration Fee (after October 11, 2013)

EVENING RECEPTIONS

- Tuesday, October 29, 2013 • 5:30 p.m. - 8:00 p.m.
  Crest Theater, 1013 K St, Sacramento, CA 95814
- Sponsor and Exhibitor Reception
  Wednesday, October 30, 2013 - 5:30 p.m. - 7:00 p.m.
  Sacramento Convention Center, Terrace

You may also call the Hyatt Regency Sacramento at (888) 421-1442 to make room reservations and reference CalRecycle Used Oil/HHW Training and Conference.

Hyatt Regency Sacramento welcomes you to the history and charm of northern California. Our beautifully renovated hotel is ideally situated directly across from the State Capitol and adjacent to the Sacramento Convention Center, in the heart of one of the state’s most vibrant cities. Within blocks of the hotel are the city’s best shopping, restaurants and theaters, as well as historical landmarks and museums.

At Hyatt Regency Sacramento, everyone gets the VIP treatment. Fresh from a top-to-bottom renovation, stylish guest rooms include oversized showers, spacious work areas and plush Grand Beds. Enjoy the California sunshine at Vines Café, savor a steak at Dawson’s, or wind down with an eclectic array of cocktails at the trendy Amourath Lounge. If there’s anything else you require, simply ask. We’re more than happy to oblige.

**PARKING**

The Hyatt Regency Sacramento offers secure, covered parking for overnight guests at a rate of $25 for valet and $17 for self-parking, with unlimited in and out privileges.

Overnight parking is valid until 4:00 p.m. on day of checkout.

Hourly self-parking:
$5.25 1st hour
$1.75 each additional 1/2 hour
$20 maximum

Hourly Valet parking:
$6.00 1st hour
$2.50 each additional 1/2 hour
$25.00 maximum

**RESIDENCE INN SACRAMENTO DOWNTOWN AT CAPITOL PARK**

1121 15th Street
Sacramento, California 95814
Phone: (916) 443-0500

A block of rooms has been reserved for Used Oil/HHW Training and Conference participants. To receive the discounted room rate of $95 single (plus tax), reservations must be made by 5:00 p.m. Pacific Time on Sunday, October 6, 2013. After the cut-off date, it is at Hotel’s discretion whether to accept additional reservations, which will be subject to prevailing rates and availability.

Booking Website: [Click Here](#)

You may also call Marriott Central Reservations at 800-331-3131 to make room reservations and reference Used Oil/HHW Training and Conference or simply Group ID: HHW.

**PARKING**

On-site parking, fee: $17.00 daily

Daily Parking fee is for hotel guests only & has in and out privileges. Limited space for Over-Sized Vehicles.
Participant Registration

Space is limited! To ensure participation registration by October 11, 2013, is strongly encouraged. To register, visit us online at www.cce.csus.edu/usedoilhhw2013 or mail payment and completed form by October 11, 2013.

Training Sessions and Conference

TRAINING SESSIONS/FEES (Mon.–Tues., Oct. 28-29, 2013)

Please select one training from each session. You may attend one training only, two trainings, or three trainings if you desire.

TRAINING SESSION FEES

☐ $125 One Training Session only
☐ $200 Two Training Sessions
☐ $275 Three Training Sessions

MONDAY MORNING, OCT. 28, 2013 • 8:00 a.m. – 12:00 p.m.

☐ HHW for Managers
☐ CUPA Case Studies

MONDAY AFTERNOON, OCT. 28, 2013 • 1:00 p.m. – 5:00 p.m.

☐ Emergency Response for HHW Programs
☐ Chemistry for Non-Chemists.

TUESDAY MORNING, OCT. 29, 2013 • 8:00 a.m. – 12:00 p.m.

☐ DOT HM Transportation Refresher
☐ Green Chemistry 101 Training
☐ Identification of Unknowns

CONFERENCE FEES (Tues.–Thurs., Oct. 29-31, 2013)

☐ $300 Early Registration Fee (on or before Oct. 11, 2013)
☐ $350 Late Registration Fee (after Oct. 11, 2013)

We are also planning on organizing additional networking opportunities to take place in the evenings such as pub crawls and dining at local restaurants. Please indicate if you are interested in participating in any of these fun outings.

☐ Pub/bar crawl
☐ Eating at a local restaurant
☐ Both
Participant Registration

Payment Methods

Payments must be received prior to entrance into the Training or Conference.

☐ Check # ___________________ Amount $ ______________
Payable to CSUS/Sharing Our Success 2013

☐ Charge  ○ Visa  ○ Mastercard  ○ Discover
American Express is not accepted. Charge will appear as “CSUS”

Card # ________________________________
Exp. Date ________________________________
Cardholder’s Name (as it appears on card): ______________________________________________
Signature: __________________________________________________________________________

☐ Purchase Order# (please enclose a copy): ________________________________________________

Notice: This is a binding agreement which reserves participation space in the 2013 USED OIL/HHW Training & Conference for the person listed. Upon receipt of this form, Sacramento State will consider the person formally enrolled in the conference. The signer may be liable for any costs incurred for the collection of fees. Please initial: __________

Cancellation Policy

Cancellations received in writing by the registration cut-off date of October 11, are subject to a $25 fee. After October 11, 2013, substitutions are allowed, but no refunds will be provided. No shows will be billed the full registration fee.
