

## Step One

Pick the correct shipping description for the following items. Each group of items are being packaged together and only one shipping description applies for each group and items were received on 10/8/16.

1) Stannic Phosphide (1#), Zinc Phosphide (10#)

---

---

2) 200 lbs. PCB Ballasts

---

---

3) 2 Gallons of Alcohol, 1 gallon of xylene, 3 gallons methyl ethyl ketone

---

---

## Step 2

Take all the information from above and complete label and draw placement of labels.
