

Yolo FOOD
BANK

from surviving to thriving

“...more than one-third of residents in the Sacramento region struggle to make ends meet. The share of struggling families is disproportionately concentrated in communities of color and individuals with lower levels of education. Employing an inclusive economy framework, the market assessment notes that a region cannot be economically prosperous if it fails to provide access to growth and opportunity for all...existing vulnerabilities and disparities will only be exacerbated unless the region takes deliberate action.”

- Sacramento Area Council of Government (SACOG) Prosperity Strategy Framework
February 2019

Over 50% of
area school
children live in
poverty-
stressed
families

- Financially stressed households
- Families and individuals falling into homelessness
- Deteriorating health
